**LENGTH:** 1800mm

**WIDTH:** 345mm overall

**WEIGHT:** 7kg each

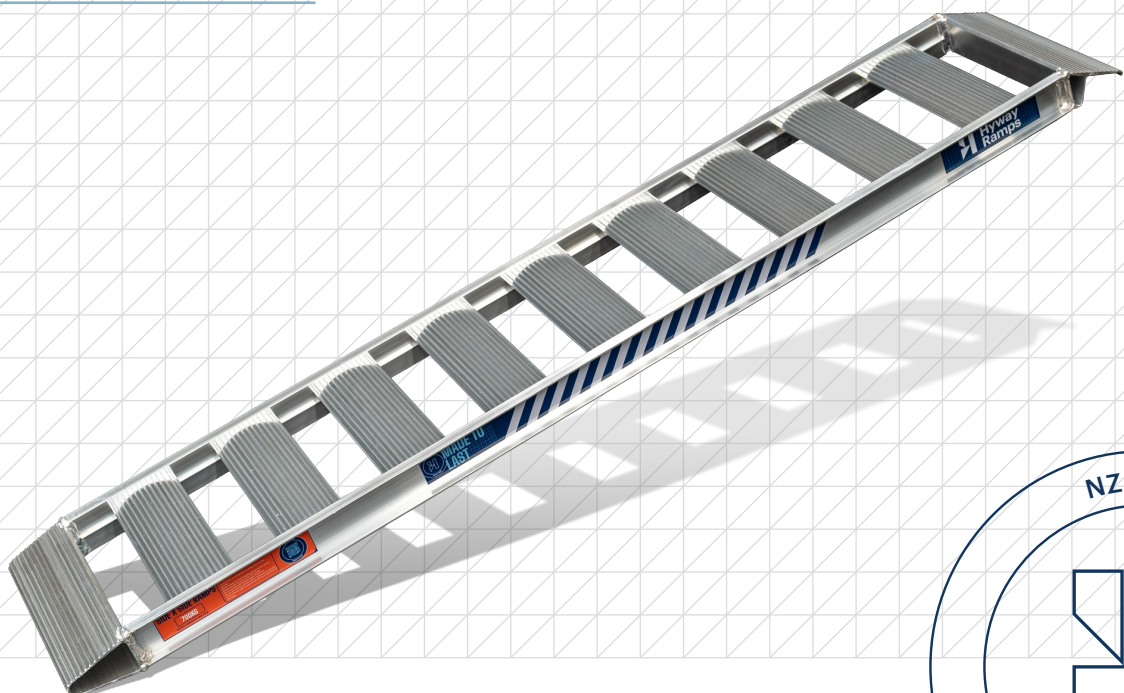

**HEIGHT SUITABILITY:** 470mm - 640mm

**SKU:** SXS18

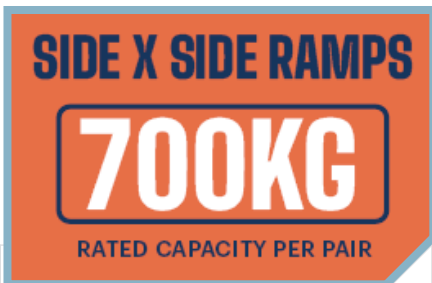

## OVERVIEW

Our Side-By-Side ramps are short, tough and easy to handle. They're a hassle-free solution when it comes to loading and unloading the side-by-sides. These offer you the perfect balance of strength, safety and weight. This is achieved by using specially designed high tensile extrusions.

Overall, a very useful and versatile investment. And whats more... they're NZ made.

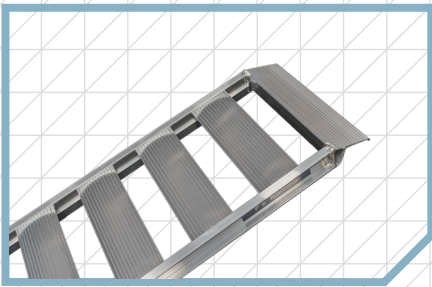

# THE FEATURES

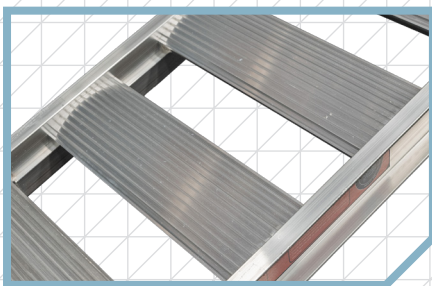

## CAPACITY

These ramps are rated for 700kg **axle load** rating across the pair. The rated capacity must exceed the heaviest axle of the machine you are loading.

## HEADPLATE

The 700kg ramps have a unique headplate, measuring 60mm which sits on the back of your truck deck. The headplate is positioned for a 23° loading gradient.

## RUNGS

Each rung is made out of high tensile aluminium extrusions produced right here in New Zealand. These 700kg ramps have rungs 300mm wide. They have a serrated top surface, designed for superior traction.
